

## Frequently Fitted Parts by Vehicle

This report selects all parts fitted on more than one occasion for each vehicle between 1/07/2004 and 30/06/2008 where the part value is over 20.00. By comparing the odo at the point at which it is replaced, we are able to report on how far the item lasted on the vehicle. This allows you to compare product quality and possible heavy vehicle use.
